Just a reminder to everyone that the **information meetings** will be held at our union hall on **Thursday, December 16th at 7:00 AM, Noon, 3:30 PM and 7:30 PM.** As I mentioned in the newsletter, you will be hearing some things for the first time so please don't skip these meetings thinking you know everything about the current proposal. I will also be sharing some e-mails I received from Bill Smith. You are being asked to make a big decision here within the next couple weeks and I want to make sure you are basing your decisions on all the information that we have for you.

If you haven't already done so, I would like you to stop by 47 winder and pick up a copy of the current proposal. Please read it over and come to the meetings with questions. As always, I encourage you to speak your mind because if it is a concern of yours, you can bet someone else has the same thought/question. I will be running a tight ship when it comes to the questions and answers and promise all of you that your questions will be answered by the committee and with respect.

You should come to the meetings expecting them to last about an hour. We will be going over the changes in the proposal as well as some of the key open items that still exist. Anyone wanting to go through the entire proposal is welcome to stay after the meetings and I will personally go through the entire package with you. Please remember that your spouse or significant other is invited to come too.

Thank you for your support.
In Solidarity,

Bryon Branstrom
