This CAT letter is being sent out because **we are in a "do or die" situation with our union owned insurance slot.** You're probably sick of hearing from me about this but the fact of the matter is **Mike Nantelle and Paul Baeten have poured their hearts and souls into this for the past 3 years** and I can't just sit by and watch it fail without trying one more time. The bad part about this is that many of you have talked to me about getting down to talk to Paul and expressed your intent of getting additional insurance but you just haven't taken the time to do it. **You all know how bad our A&S is and you have all worked next to someone that had to try to make ends meet while collecting a lousy \$323 (after taxes).** It's not pretty folks! **Our A&S sucks!** Get yourself set up so you don't lose everything you have worked for should you become sick or injured. Other than the actual illness or accident, probably the saddest thing I have witnessed as President of this Local is the financial devastation caused by being off of work. For the first time ever, you are in a position to control your destiny, you can control whether or not your possessions are protected.

The deadline has come and gone but Paul has worked a deal through Humana to extend enrollment for 1 more week. **THIS IS IT FRIENDS.....** Paul will be at the hall Monday through Thursday this week. He is conducting a seminar at the hall on Tuesday night at 7:00 PM and will stay as long as it takes to see everyone. He will also be at the hall during the union meeting on Wednesday night.

REMEMBER...THIS IS OPEN TO ALL 3 LOCALS AND SALARIED!!!
